Handcrafted by Henry Schnare, this Ship Builder's 1850 circa Heritage Designated home sits on the shores of the picturesque bay. It is the perfect destination for a romantic getaway or a peaceful retreat from the workaday world.

Coming from different parts of Canada and different heritage backgrounds, we want to share our historical home, interests, and hobbies.

We are a couple with the profound understanding that travel is as much about where you are going, as it is about the people you encounter when you get there. This is our philosophy.

Fisherman's Daughter allows you the space to sit back and take in the character, charm, and spirit of our B&B in peaceful solitude. Laidback and welcoming, we are like friends you haven't met yet.
