

The Kitch'inn - Boutique Inn and Wine Bar

The kitch'inn is unlike any other accommodation that you'll come across on your travels. Quirky, slightly off kilter and an experience in itself, we are NOT your Grandma's Bed and Breakfast. We don't do doilies. We don't do breakfast. We do however b'Lunch. Totally a word. Betty's opens at 11am in peak season, and trust us when we say it's worth the wait.

Boasting modern amenities, exquisite large suites, luxury accommodation and mouth-watering eats...you probably won't want to leave. So don't.

The hospitality here is epic! Stay a while, raise a glass and yell "sociable" at the top of your lungs!
